

PILING/FINGER FORM

DEADLINE DATE: August 20

Expand your layout or accommodate your bigger boat...

When you remove a piling, you can alter the layout of your boats to make it look more enticing and unique. You can also benefit by putting a wider beam boat in a slip. Your display affects the public's view and sales. Any slips that need pilings removed must be done before move-in. (September 17). The fee for each piling removed is \$575. The fee for a finger removal is \$725. The show does not receive any profit from the piling pulls. It is a service to help you – the exhibitor.
