

# BOAT SHOW SHOPPING TIPS

What makes a boat show the BEST place to buy a boat? A boat show is the one place where you can compare a wide variety of boats, talk to experts, dealers and manufacturers and best of all, take advantage of special deals and incentives—including the best prices of the season—all at one time. To make the most of your time at the show, shop with a plan. These tips will make finding, and buying, the boat of your dreams easier.

## Use the show directory as a resource.

It includes exhibitor, boat and product listings and a floor plan to help you navigate the show.

- Take notes and keep track of the exhibitors you've talked to

## Determine what type of boat you want.

Visit the Discover Boating Center and talk with an unbiased expert who can help decide what type of boat will meet your needs.

- Once you've determined what type of boat you want, start comparing brands and models

## Visit every dealer who carries that type of boat.

Spend 15–20 minutes to get an overview of what each dealer has to offer:

- You can learn a lot in a few minutes by talking to the brand/dealer representatives
- You'll have more confidence in your decision

## Consider your options.

Review your notes and brochures. Visit the Discover Boating Center for unbiased help: The staff will answer your questions and offer brand-neutral advice on things like hull design or engine options.

Narrow your options to 2 or 3 boats and revisit those dealers.

- Ask about rebates, warranties, delivery, service, training and insurance
- If you need financing, ask if any special offers are available

Before you make a final decision, compare the products and the deals one last time.

## Buy your boat.

You've reviewed your options, thought it over and are ready to buy.

Go back to the dealer and sign the paperwork.

**CONGRATULATIONS!**  
**YOU'RE A NEW BOAT OWNER.**
