Seminar Descriptions

- **Introduction to Sailing** – Ever wonder what the sport and recreation of sailing is all about? This Seminar demystifies the elements of sailing in a fun and informative format as the attendees pick and choose among topics for discussion such as Rules of The Road, Points of Sail and the Theory of Lift.
- **Celestial Navigation** – Join a humorous and enchanting high-level discussion of the history as well as current use of navigation utilizing the stars, planets, sun and the moon. Time is allotted following the presentation for a brief hands-on lab using actual Sextants.
- **Chartering Tips & Tricks** – Not sure what Sailing Bareboat Chartering is all about? Bring all your questions and curiosity to gain critical insight necessary to ensure your first Bareboat Charter excursion is memorable for all the right reasons!
